

Curriculum Vitae

Emmanuella Doussis

SHORT CV

Professor Emmanuella Doussis is the UNESCO Chairholder on Climate Diplomacy since 2019. She publishes extensively on international and European environmental/climate change policies and the role of international institutions and teaches courses on these subjects since the beginning of her academic career. She supervises PhD dissertations that focus on climate change and sustainable development policies. She has been the scientific coordinator in numerous research and educational projects concerning climate change policies with a focus on Greece; she has also participated in international projects concerning the protection of the marine environment. She is a member of the Hellenic advisory committee for climate change adaptation as well as of various scientific associations and networks that focus on environmental aspects (ILA Committee on the role of international law in sustainable management of natural resources, IUCN World Commission on Environmental Law).
